A Lifetime Project by LOVE Ministry Using LoveCards

26th May, 2025

To: His Imperial Majesty Owa Clement Adesuyi Haastrup Ajimoko III, Owa Obokun Adimula and the Paramount Ruler of Ijesha Land

His Imperial Majesty,

Warm greetings to you in the name of love, unity, and progress. It is with great joy that I extend my heartfelt congratulations to you on the auspicious occasion of your coronation, recently concluded on the 25th of May, 2025, a momentous event marking the dawn of a new era of leadership, peace, and prosperity in every home and family in Ijesha land.

As a ministry deeply committed to the message of LOVE, we humbly submit this proposal to request the honour of beginning a lifetime poverty eradication project targeting the homes and families of Ijeshas in Ijesha Land. Our mission is to reignite the flame of LOVE in the hearts of Ijesha people; to burn out the weeds of greed and materialism that have taken root and to restore the foundation of godly love that once defined this land. This project is in alignment with the spiritual heritage of Ijesha Land, as exemplified by the great missionary Pa Elton and perpetuated by the godly men he raised here.

Why This Project Matters for Ijesha Land

The foundation of a prosperous community lies in families grounded in love: love that begins in the home and flows outward to transform society. Our lifetime project to eradicate poverty in homes and families using LoveCards is rooted in this timeless truth. The legacy of Pa Elton remains a testimony to the power of love and faith in shaping destinies, and this initiative offers a divine opportunity to rekindle that same spirit in our time.

At the heart of the societal challenges facing our country today (greed, division, and moral decay) lies a deficit of LOVE. This erosion of love within homes has led to both moral and financial bankruptcy, as materialism and the love of money take the helm.

For decades, our ministry has combated this decline through the simple, yet powerful act of giving out LoveCards. LoveCards are tools that convey God's message of love and redirect individuals and families back to His principles as found in the Bible. We have witnessed profound transformations in homes and communities where these LoveCards were received: families restored, youth redirected, and entrepreneurial spirits awakened, resulting in tangible economic upliftment.

How This Aligns with the Vision of the New King

As His Royal Majesty assumes the revered throne, his commitment to fostering unity, peace, and progress in Ijesha Land is clear. This lifetime project to eradicate poverty in homes and families using LoveCards aligns seamlessly with that vision.

By launching this initiative under your reign, we will not only honour the values and traditions of Ijesha Land but also create a spiritual and economic blueprint for the future. Families and youth across communities will be empowered through love-centered education and training that will shift mindsets, eliminate ignorance, and foster wealth generation using the abundant natural and human resources of Ijesha.

This project will serve as a unifying force that will encourage collaboration, respect, and shared progress. It will also spark the creativity of the youth, steering them away from vices and redirecting them into channels of productivity that will boost Ijesha's economy and reputation globally.

[One page of the original letter is not available.]

... lifetime project focused on eradicating poverty in homes and families using LoveCards, together we can build a legacy that reflects the heart of God and the strength of our people.

We humbly seek the opportunity to contribute to this reign by laying the foundation for revival and progress, one family at a time.

We await your kind consideration and remain available for further discussions at your convenience. May your reign be remembered as the golden age of love, light, and lasting prosperity in Ijesha Land.

*Yours in service to love and revival,
Rev. Dr. Moses Aderemi Akanbi Owoeye
